To Whom It May Concern:

It is my pleasure to write this letter of reference and recommendation for AB Consultants, Inc.

Since 1997, AB Consultants, Inc. has provided Sorg and Associates, P.C. professional services in civil engineering, utility design surveying and geotechnical engineering services as a valued team member on varied projects.

These projects have included several U.S. Embassies in foreign countries for the U.S. Department of State; master planning and utility upgrades for the Federal Bureau of Prisons at facilities nation-wide; and child care centers at Suitland, MD and Woodlawn, MD for the General Services Administration. Other projects have included the development of university housing at Howard University in the District of Columbia and other commercial developments for private clients.

We have found AB Consultants to be very responsive, their work excellent in terms of quality and recommend them to any commercial, private, municipal, State or Federal agency or entity requiring professional services of the highest quality and professionalism.

Should you require any additional information, please call me at 202-393-6445.

Sincerely,
SORG AND ASSOCIATES, P.C.
