To whom it may concern,

I am writing this letter to express my appreciation to the members of the firm of A. B. Consultants for what I consider to have been outstanding assistance to me and the Town of Berwyn Heights in our endeavor to improve the streets, curbing, and underdrain problems in Town.

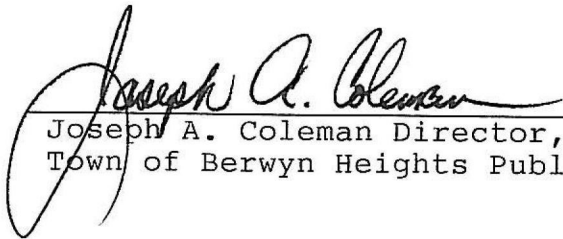

My first experience with this firm was in 1998 with Mr. Lee Botts when the Town undertook a rather large street rehabilitation project.

Most recently I have worked very closely with Mr. Vernon Kelly and Mr. Amrish Patel who have both been instrumental in assisting me on numerous occasions with many different issues such as underdrain replacement, and other water problems along with expert advice on sub base problems.

You have in my opinion gone the extra mile for me and the Town of Berwyn Heights I appreciate the concern for our needs that you show while working on our projects.

I certainly wish all my experiences with contracted services could be as successful and productive.

Once again thanks for all the help.

Joseph A. Coleman Director,  
Town of Berwyn Heights Public Works Department.
