RE: AB Consultants, Inc.
9450 Annapolis Road
Lanham, MD 20706

To Whom It May Concern:

The purpose of this letter is to provide a strong recommendation on behalf of AB Consultants, Inc. AB performed a large, complex highway / infrastructure design project on behalf of our firm in 2005. The construction of this work was completed earlier this year.

I was personally involved in working with AB on a regular basis for this project and found them to be technically competent, highly responsive to the Owner, knowledgeable of the review and approval process and friendly and familiar with the government officials charged with issuing the required permits.

AB Consultants, Inc.'s services were first rate in all aspects. We are in the process of engaging them for work on a new project at this time.

It is with great pleasure that I recommend them to provide engineering services to others.

Sincerely,
